7) Letter no: 29 dy $\frac{25}{26}$.9.16 from the Special Rev: officer & Secy to the M.D. Committee, Kadur District.

Submits a copy of the resolution no XV of the M.D. Committee, Kadur District at their meeting held on 18.9.16 and requests sanction/issue of orders for opening dispensaries at Balur, Aldur, Athgindi and Shantaveri from 1st November'16, the charge during the current year being met from the Sums indicated.

8) There is a slight Variation between the Scale of charges now given in the resolution of the M.D. Committee received with Sl 36 and that shown in the Statement flagged P which is stated to have been based on information furnished by the Senior Surgeon. [E.g. the pay of ~~Sub Assistant~~ Surgeon is shown in the former as Rs 4 & in the latter as Rs 3 /- for the watermen of the dispensaries at Aldur & Athgindi.] It is not definitely known whether the Scale of charges proposed for the dispensary at Shantaveri is also based on information obtained from the Senior Surgeon. The Scale proposed for Shantaveri dispensary is, however, the same as that proposed for Aldur & Athgindi. According to the Scales proposed, the expenditure on the 4 new dispensaries is estimated to come to Rs 9181

as against Rs 9000 allotted for the Kadur dist. (vide paragraph 6 of these notes). It is, however reported that the excess of Rs 181 will be met by reappn of the Sanctd grants for the current year.

9) The Senior Surgeon may, if appd, be consulted unofficially as to whether the charges do not admit of reduction, and whether Sub Asst Surgeons are available to be posted to the proposed dispensaries and whether the cadre of Sub Asst Surgeons should be temporarily increased by 4.

10) Reference is also invited to the opinion of the Fl Branch in para 38 of the notes in Med File 40-14 (Sls 17, 21 ... & 33) Dt. Feby/16. The Financial Branch has noted that, if new dispensaries are to be started, they should get the same help from the District Funds as other L.F. dispensaries. The D.B. Committee, however, ~~[illegible]~~ are agreeable to meet all the charges of the proposed dispensaries (including the pay of Sub Asst Surgeons) from the grant at their disposal.

The opinion of the Finl. Dept is already on record. The Senior Surgeon may also be consulted on these points with advantage—

14) Regarding the necessity for opening dispensaries at each of the four places, viz., Balur, Aldur, Attigundi and Santaveri, there can be no two opinions and the sooner this is done the better.

15) Since the District Board is unable to bear any portion of the cost, the financing of the institutions from the grant placed at the disposal of the Malnad Improvement Committee will not be inappropriate, as the provision of medical relief is one of the most important -- measures of malnad improvement. If this arrangement is sanctioned, it is not merely a question of meeting the current year's charges, but of meeting the same every year until the Government do continue the Malnad Improvement grant from State Funds, or the Kadur District Board is able to meet the recurring charges as usual. Whether that body will ever be able to pay the charges is a question that has to be referred to them.

16) So long as the cost of the dispensaries is to be met from the Malnad Improvement grant, the institutions will have to be regarded as temporary.

17) If the opening of the dispensaries is sanctioned the strength of Sub Assistant Surgeons will have to be correspondingly increased as no hands can be spared from the existing strength. Qualified hands will be found for the places.
